Kuthumi's Dispensation For Our Physical Healing and Healing Our Psychology

In the name of my Mighty I AM Presence and Holy Self I make my determination to transcend my former self and I call to beloved Kuthumi to tutor me through my own heart and any messenger you may send my way for the healing of my physical health and my psychology. I accept this done today according to God Holy Will. Amen.

The Ascended Master Kuthumi, who is known as the Master Psychologist, announced on January 27, 1985, that he had received the dispensation and assignment from Lord Maitreya to help each of us individually to heal our physical health and our psychology:

“If you will call to me and make a determination in your heart to transcend the former self, I will tutor you both through your own heart and any messenger I may send your way. Therefore, heed the voices – not astral but physical -- - and watch the course of events...”.
