

## How to Supercharge your Astrological Chart

### Using Gemstones, Crystals and Focuses

“The violet (or amethyst) flame is a healing flame, even as the green (or emerald) flame is a healing flame. Understand, beloved, that each of the seven rays of the Holy Spirit carries a specific quality of healing, each one corresponding to one of the seven chakras and to specific gemstones. Each of the Seven Chohans magnifies the color, the healing quality and the light frequency of the ray he sponsors as well as the corresponding gemstones.”

PoW Vol 39 No. 13 – Beloved Saint Germain, March 31, 1996

#### Step 1:

1. First, determine the master or archangel that you think may be sponsoring you or that you have an inner tie to. Put that focus of the master or archangel in the middle of the chart.
2. At the top of the chart, you may place a picture of The Great Divine Director to help guide you on your daily impulses from God for your divine blueprint.
3. Place a bottle of gold flakes or an image of gold or money in the 2<sup>nd</sup> and 8<sup>th</sup> houses.

#### Step 2:

Find the following planets and use the corresponding gems and focuses over them:

- a. Sun – yellow diamond, yellow sapphire, gold, citrine, golden topaz  
Picture of the Sun, Chart of the I AM Presence
- b. Moon – an image of Krishna (especially if you had childhood challenges) or a pearl, diamond, zircon, quartz crystal; picture of Mother Mary, chart of the I AM Presence with the lower figure lined up over the moon

- e. Venus – diamond, ruby, garnet, pink beryl, rose quartz; focus of Lady Master Venus or Sanat Kumara, Paul the Venetian, Ruth Hawkins, Archangel Chamuel and Charity

### Step 3:

Squares and oppositions: Points where a square or opposition are located: place an amethyst or an image of one of the masters

Trines – At each point, place crystals

Areas for healing: 6<sup>th</sup> house, squares and oppositions, moon, Pluto, Saturn – place jade, aventurine, emerald, diamond, quartz crystal, healing green stones. (Transiting Pluto conjunct Saturn in Capricorn is in everyone's transiting chart now)

Other options to magnify the Cosmic Clock Astrology: Place an image of each of the corresponding masters on each line of the clock over each house cusp starting at the 12:00 o'clock line with the Great Divine Director or place a small crystal at each cusp.

### **Step 4:**

This is the most important step. After you have placed your gemstones, crystals and focuses over your chart, it is now time to activate and supercharge it with your personal calls.

Starting at the top, call to every master (going clockwise) you have placed on the chart and also to the three ascended master astrologers, El Morya, Djwal Kul and Kuthumi to charge your chart with the release of the greatest light to assist you in passing all of your upcoming tests and also to magnify the positive portents for the greatest victory for your soul.

Remember to also call to the seven chohans to magnify the color, the healing quality and the light frequency of the ray that each chohan sponsors and also in the corresponding gemstones you have placed on the chart.

### **Quote from Mother**

“The goal is to be in advance of prophecy and in advance of astrology. What does that mean?”

“It means that you need to decree for transmutation of the negative astrological portents before they are about to land on your head! You need to get a running momentum on any challenging aspect before it precipitates out of the etheric, the mental and astral planes into the physical. By so doing, you can transmute a large percentage of the personal and planetary portents of negative karma that (“any challenging aspect) ...” is dumping on the earth and her evolutions.

“By decreeing in advance, you literally turn the avalanche of karma back up the mountain. And what finally hits the physical octave has a small percentage of the sound and the fury of what might have been.

“Wise ones will do this. And this is why at the turning point of the new year I urge you to update your personal astrology by looking at how the transits (“of any particular date) ....” impact your birth and progressed charts so that you know specifically what your personal challenges will be.”
