The Woman and her seed are condemned to death

In the name of my mighty I AM Presence and Holy Christ Self, in the name of Serapis Bey, I call to the Great Central Sun Magnet for the amplification of the third secret-ray sphere of my casual body by the power of ascension's flame.

Beloved Serapis Bey and the Great Seraphim and Cherubim, and beloved Goddess of Liberty and the Lords of Karma with the twenty-four elders: clear the perversions on the 6/12 and 7/1 axes, and the Base-of-the-Spine and Seat-of-the-Soul chakras manifesting as all indecision, self-pity and self-justification/ ingratitude, thoughtlessness and spiritual blindness in my four lower bodies; and amplify the God qualities of these axes, manifesting as God-Harmony and Supply, and God-Gratitude.

**OM AIM NAMAHA / OM AIM NAMAHA / AIM /
OM VAM NAMAHA / OM HRIM NAMAHA / GLOUM**

Beloved Padma Sambhava, Vajrasattva, Kuan Yin and the five Dhyani Buddhas, remove the poisons of the 6:30/12:30 axis, manifesting as world chaos, non-being, non-will, fear, doubt, non-belief in God and the unmerciful heart in my four lower bodies; and magnify the corresponding Wisdoms of: Resolution and World Transmutation and the Diamond Will of God and Mercy.

**OM AH HUM VAJRA GURU PADMA SIDDHI HUM /
OM VAJRASATTVA HUM / OM MANI PADME HUM**

Beloved Ratnasambhava, clear the perversions of the 9:30, 9:00, and 10:00 o'clock lines of the cosmic clock, manifesting as spiritual,

intellectual, and human pride; dishonesty, intrigue, and treachery; and selfishness, self-love, and idolatry in my four lower bodies; and amplify the God-qualities of these lines, manifesting as the Wisdom of Equality, God-Reality and God-Vision. I call for the transmutation month by month of all karma that I have ever made on the third secret-ray chakra as well as on the heart and third-eye chakras.

OM RATNASAMBHAVA TRAM

Beloved Serapis Bey, as the spiral of the third secret-ray sphere meshes with the planet, protect and guide me in separating out from the not-self, the dweller, and the fallen ones; while declaring my integration with the Great Guru and my allegiance with the will of God. Help me stand in the Light, receive the Light, and then move on while bringing up the rear in those areas where I have skipped some steps. May I learn the lessons of this balancing act.

Beloved Elohim of the five secret rays and Mighty Cosmos, beloved Vajrasattva and the Five Dhyani Buddhas, guide and help me in understanding the great opportunity in this cycle for integrating, sealing, and meshing with the conclusion of Pisces, the beginning of Aquarius, and the maintenance of the unbroken link with all ages. With the teachings of Lord Maitreya and the path presented by the Divine Mother, let me enter this cycle with a certain flame of God mastery and continue to develop it day by day.

Beloved Guru Ma and Lanello, beloved El Morya and Mother Mary, let every gain I make on this third secret-ray sphere in my causal body strengthen me in keeping the path of the ascension for all people on earth. Let this sphere in my causal body be increased geometrically that I may keep the ascension flame by living the five wisdoms, banishing the five poisons, and being an example of following the path of enlightenment to our community as we march together --- one body, one heart, one soul, one mind ---to the next Golden Age.

I AM Alpha and Omega in the White Fire Core of Being. (3x)
Let this be done according to God's holy will. Amen

OM RATNASAMBHAVA TRAM

Beloved Ratnasambhava, clear the perversions of the 9:30, 9:00, and 10:00 o'clock lines of the cosmic clock, manifesting as spiritual, intellectual, and human pride; dishonesty, intrigue, and treachery; and selfishness, self-love, and idolatry in my four lower bodies; and amplify the God-qualities of these lines, manifesting as the Wisdom of

Equality, God-Reality and God-Vision. I call for the transmutation month by month of all karma that I have ever made on the third secret-ray chakra as well as on the heart and third-eye chakras.

OM RATNASAMBHAVA TRAM

Beloved Serapis Bey, as the spiral of the third secret-ray sphere meshes with the planet, protect and guide me in separating out from the not-self, the dweller, and the fallen ones; while declaring my integration with the Great Guru and my allegiance with the will of God. Help me stand in the Light, receive the Light, and then move on while bringing up the rear in those areas where I have skipped some steps. May I learn the lessons of this balancing act.

Beloved Elohim of the five secret rays and Mighty Cosmos, beloved Vajrasattva and the Five Dhyani Buddhas, guide and help me in understanding the great opportunity in this cycle for integrating, sealing and meshing with the conclusion of Pisces, the beginning of Aquarius, and the maintenance of the unbroken link with all ages. With the teachings of Lord Maitreya and the path presented by the Divine Mother, let me enter this cycle with a certain flame of God mastery and continue to develop it day by day.

Beloved Guru Ma and Lanello, beloved El Morya and Mother Mary, let every gain I make on this third secret-ray sphere in my causal body strengthen me in keeping the path of the ascension for all people on earth. Let this sphere in my causal body be increased geometrically that I may keep the ascension flame by living the five wisdoms, banishing the five poisons, and being an example of following the path of enlightenment to our community as we march together --- one body, one heart, one soul, one mind ---to the next Golden Age.

I AM Alpha and Omega in the White Fire Core of Being. (3x)

Let this be done according to God's holy will. Amen
