# Authenticity, Organicism v. Adulterated

Authentic  
Essential Oils  
initiate processes  
designed by evolution  
arising at the level  
of the whole plant  
organism.

Perfect as  
God made them.

Adulterated  
Essential Oils initiate  
processes arising at the  
interface of smart  
engineering and the  
corporate objective  
to cut costs.

# Uses of Sandalwood. *Santalum spicatum*
